My Story - Pt. 2 *A Canadian Bush Pilot*

This is the continuing story of a man wanting to be a pilot and fly the planes that served the great Canadian North. It is about the hard work and the waiting, the beautiful days flying in the awe-inspiring North, and the days from hell when a slippery cargo of fish slopped around the cockpit as the pilot struggled in rough weather. With 50 years in aviation Hugh will recount some of his adventures, both good and bad, and present his collection of personal photograph. Through it all, you will get a taste of what it really means to call yourself a Canadian Bush Pilot.

Accompanied by his personal photographs of a changing North, Hugh will continue his stories about flying in the Canadian wilderness. He does not sugar-coat or glamorize a career full of memories; people, planes, places and events. Come and hear what

bush flying was all about.

Speaker Night is free, and open to the Public. We also offer cookies and coffee at a nominal charge!
