

Happy New Year

All the staff at Slipstream send our best wishes to you and yours for a happy, healthy and productive 2019!

Membership Renewal

Membership is on an annual basis and it is now time to renew. A form was sent with the latest Norseman News, but you can always drop by the Front Desk during Museum hours.

Speaking of Renewal

A big thank-you to the airport authority for renewing our driveway markings. Looking suspiciously like runway markings, this is an appropriate welcome for all museum visitors.

Marcus (our hangar cat)

....says thanks to all who donated cat food over the holidays. He thinks it is G-R-R-R-eat!

More Videos To See

..... From Randy Stagg *et al.* Norm Dressler tells the story of the establishment of the BC Aviation Museum. Look for follow-on videos to continue that history. The link is:

Speaker Night

The Mighty Vulcan

Harvey Moore

Wednesday, January 16th

7 - 9 pm

The Avro Vulcan was a large delta-wing mainstay of the British V-Force in the heart of the Cold War. Its original role was as a high-altitude strategic strike bomber but it performed many other roles as

well. In later years it undertook the spectacular 1982 Black Buck mission in the Falklands Conflict. Hear all about this classic Cold War

bomber and take in some personal reminiscences from a former pilot who flew the Vulcan for three years.

Born and raised in Glasgow, Scotland, Harvey received both his Glider and Pilot License from Air Cadets and joined the RAF in 1957. He also flew many other classic Cold War jets including the Valiant, Vampire and Canberra. Leaving the RAF in 1969, Harvey moved to Vancouver, BC, and still follows aviation in retirement on Salt Spring Island.

Speaker Night is free and open to the public. For a modest fee we also offer coffee and cookies.
